Year	2023	Category	Aluminium
Hull Style	Single	Hull Type	Aluminium
Power Type	Power	Stock Number	
Condition	New	State	Western Australia
Suburb	MANDURAH	Engine Make	

### Description

Saggers Marine proudly represents Herley Boats exclusively for Western Australia!

The Herley Commander is a combination of classic styling and modern engineering that provides next level mid-sized sport fishing and aluminium powerboating. The spacious cockpit has a multi-purpose design that allows various activities for the family. The interior offers ultimate comfort and protection while the deck transitions from fishing space to an entertainment area with ample amount of storage. The sliding doors augments the already spacious design for an overnigher or just for epic day trips with the whole family.

Designed from the hull up, the Herley Commander employs the traditional theory of the plumb bow that creates a long waterline length with a fine entry providing greater fuel efficiency, a semi wave-piercing effect and a larger boat on the water. Passionate owners attest to the quality, comfort and performance of the ride including the inherent stability of the vessel provides a maximum list at rest of only 9.5° with seven people on one side.

#### COCKPIT:

The Cockpit features unique folding storage bins, underdeck kill tank, live bait tank, tuna tube, and a serious bait station. Concealed flip seats fold out and the inbuilt transom steps fold down for easy access to the water.

#### WINDSCREEN:

The forward raking screens provide added protection from the sun, eliminates glare on the instruments, and washes away sea spray. The unique design gives great visibility and adds to the interior volume of the cabin.
