Suburb	PERTH	Engine Make	MerCruiser

Description

One of last 2800 models made by Mustang in 2007, the Mustang 2800 is a good family cruiser with a deep vee hull which provides a softer ride than many other 2.9 tonne sports cruisers on the market. It is a compact sports cruiser which offers a remarkable amount of cockpit space for its length.

Boarding the large swim platform, it's fitted with a full wrap around stainless steel railing perfect for a BBQ or fishing and walking through the transom door, you're introduced with the cockpit table and seating for 4 including a wet bar.

Moving forward to the port is seating for guests to accompany the skipper who is located at the helm with very good vision all around for navigating. There is also ample storage provided on this level by way of multiple lockers and under the seating, from the swim platform is also an aft locker for storage of fenders and docking lines.

There are full storm covers for those colder days and on those glamour days, all covers can be removed to take in the breeze to keep you comfortable.

Moving downstairs it has accommodations for 4 in two separate cabins – the mid cabin is a full-size double berth, and the convertible V berth forward transforms into a comfortable double bunk.

The galley is complete with cooktop, fridge, microwave and stainless sink with hot and cold water. In and around the galley is abundant storage provided by cupboards and drawers including under the V berth doubling as full storage and seating area around the table for 4 people. To starboard is the impressive head complete with electric toilet, shower, basin, and storage cupboard.
