Condition	New	State	Western Australia
Suburb	MANDURAH	Engine Make	

Description

Saggers Marine proudly represents Regal Boats exclusively for Western Australia!

The 29 OBX combines the luxury and innovation Regal is known for with the versatility of outboard power. The two full mid-beam steps reduce drag and friction by forcing air under the hull made possible by the FasTrac Hull which increases fuel efficiency by up to 30% and raises cruise speeds up to 26% faster than the competition's models of similar weight and propulsion.

Explore the Regal 2800 with the same layout of the 29 OBX for the possibilities of sterndrive power and with just the push of a button, extend your cockpit back for an extra 10" of space. The low-to-the-water swim platform wraps around the outboard making it easier to enjoy activities on the water while a well-crafted, upscale head with dark cherry cabinetry, vessel sink and incredible space provides privacy and functionality.
