Description

Saggers Marine proudly represents Regal Boats exclusively for Western Australia!

The Regal LX36 had ergonomics and comfort as priorities when designing this boat. The foam density, angle of the seatbacks and use of corner seating were thoroughly considered and rigorously tested by boaters to ensure maximum comfort. The 16" Companion Screen provides passengers the right tools to be an expert co-captain or playlist-chooser including navigation, system information, media controls, HDMI input, which are easily accessible and within reach. The expansive retractable hardtop, windshield walk-thru, and side windows for a fully open-air day yachting experience. Flip open the starboard bow seat to reveal a large washable and air-conditioned quarterberth area with available mattress and StoreMore storage racks and simply slide the portside console over for unimpeded access to your spacious head.

With a full-service galley made of premium materials and conveniences such as stainless gas rams, hidden Yeti storage with sliding access, and more, the Regal LS36 has everything you need to entertain the entire family.
